- a. CBO expects enactment of H.R. 2008 would lead to development of hydropower facilities by a nonfederal entity within a few years. Assuming enactment of H.R. 2008 in 2010, we expect such a project would be completed by 2016 at which time the government would collect annual fees from the project developer totaling about \$400,000 a year for the life of the project.
